

Mr. Roi Polanitzer

Roi Polanitzer is the CEO of the IAVFA (Israel Association of Valuators and Financial Actuaries). Currently he is the owner of a firm, which is providing a variety of services for nonmarketable securities revaluation purposes. He was a Risk Manager and Chief Modelist of an investment committee at the Ben-Gurion University of the Negev. In 2008 he served as a Risk Manager and the Head of the Fair Value Department of the Actuarial Advisory Firm of Dr. Boaz Yam and in summer 2009 as the Head of the Valuation Department of the Accounting Firm Raveh, Ravid & Co, CPA. He has also taught at the Ashkelon Academic College and at the Achva Academic College. Mr. Polanitzer holds a F.R.M. from the GARP (Global Association of Risk Professionals) and undergraduate and graduate degrees from the Ben-Gurion University of the Negev.

He has served as a Research Assistant of Dr. Shilo Lifschutz in the field of risk management in Israeli banking system, as well as a Teaching Assistant. He had invented a Privately-Held Company Valuation Model, a Synthetic Credit Rating Model, a Discount for Lack of Marketability Model, a Firm Assets Volatility Model, and so.

He has published numerous articles in refereed journals, and serves as the editor of the newsletter of IAVFA.

He is a Fellow (F.I.L.A.V.F.A) of the IAVFA and a Certified Risk Manager from the IARM (Israeli Association of Risk Managers). He also holds a Diploma in Financial Risk Management from the Ariel University in Samaria and had studied in the program for certificate studies in Actuarial Science at the University of Haifa.

Mr. Roi Polanitzer is the chief actuary and valuator of Intrinsic Value, which is engaged in Valuation and Risk Management. In the firm he is responsible for Actuarial Science and Financial Engineering consulting to accounting firms, audit firms, financial advisory firms, and publicly traded companies in Israel. In addition, he is appointed by state and rabbinical courts as an expert witness in those areas.
